

## EVANS' PLUNGE ADVISORY COMMITTEE MINUTES

Jan 11, 2024, Noon @ Plunge

Present; Linda Varvel, Committee Chair. Kris Hanson, Alison Ritterbush, Gabby Martin, Travis Riedel. Tracy Bastian, City Engineer.

*It was noted to welcome Gabby Martin as a permanent member of the committee.*

We were going to review the year end report but waiting on numbers from Misty.

Tracy Bastian presented some designs to the committee for approval and potential bid letting to be opened at a future committee meeting. A question was asked of how funding was to be secured for the project. Kris stated there was nearly enough leftover from the roof project not needed to be put onto this project.

Projected closure dates this year are March 4-17, 2 weeks allowed for drainage of pool with deep steam cleaning, replace ceiling tiles, a kitchen makeover with new equipment, HVAC work, painting projects replace back board for basketball hoop..

This month we had one incident that was heat related with the hot tub. Remove 2 people for bad behavior. One life guard left.

Alison reports that the swim team is rocking. They are looking into adaptive swimming for disabled persons.

Next meeting will be 2-8-2024

Adjourn at 12:55 pm
